Equipment Rebates

Rebates from CenterPoint Energy can help you save money on new energy-efficient equipment like furnaces, gas boilers, kitchen equipment, and more. We are here to help you choose the right equipment that both meets your needs and saves energy and money. Inside this booklet, you'll find easy, low- or no-cost and long-term solutions and rebates that are available in the current programs.

Programs run January 1, 2023 to December 31, 2023.

Points of Contact

Residential Programs

For assistance completing a Residential rebate application, call **866-240-8476** or email **SaveEnergy@CenterPointEnergy.com** to reach an Energy Efficiency Advisor between 7 a.m. and 7 p.m. EST Monday-Friday.

Commercial & Industrial Programs

For assistance completing a Commercial & Industrial rebate application, call **866-240-8476** or email **IndianaBizPrograms@CenterPointEnergy.com** to reach an Energy Efficiency Advisor between 7 a.m. and 7 p.m. EST Monday-Friday.

Residential Programs

Heating System Rebates

Heating and cooling costs make up the majority of your energy costs, which makes replacing your old or inefficient HVAC equipment one of the most impactful measures you can take to curb energy usage. There are a variety of eligibility guidelines specific to each rebate, so be sure to check the website for details.

Before purchasing, visit **CenterPointEnergy.com/SmartSavings** or call 866-240-8476 for the rebate application and complete details on energy-efficient equipment and service requirements. Rebate amounts are effective for equipment purchased and installed between January 1, 2023 and December 31, 2023. <u>Rebate applications must be postmarked within 60 days of equipment installation</u>.

Natural gas heating systems

Equipment Type Rebate	
Natural gas furnaces	
96% AFUE	\$225
97% AFUE	\$350
Furnace Tune-Up	\$25
Natural gas boilers	
90% AFUE or higher	\$300
Note: Input capacity must be less than 300 MBTUH	
AFUE = Annual Fuel Utilization Efficiency	
Europeo tupo un robato available ance avary 24 menthe per HV	VAC aquinment Customer must

 $\label{eq:Furnace tune-up rebate available once every 24 months per HVAC equipment. Customer must not have an existing Preventative Maintenance Contract or Agreement.$

- New equipment must be purchased and installed between January 1, 2023 and December 31, 2023. Refurbished equipment will not be accepted.
- Allow up to six weeks to receive your rebate payment after final approval of application.

Weatherization Rebates

Achieve lower energy bills and a more comfortable home.

Note: Customers must choose a program-approved contractor to qualify for these rebates. Insulation and duct sealing improvements are not eligible for rebates when installed in new construction. Program-approved contractors can be found on the website at CenterPointEnergy.com/SmartSavings.

Homes that use a natural gas furnace in conjunction with an electric heat pump, known as a dual-fuel system, do not qualify for this rebate. All materials and work must be in compliance with local codes and performed per program standards. Please review all program requirements (PDF) before purchasing equipment or applying for rebates: **CenterPointEnergy.com/SmartSavings**

Insulation

Equipment Type	Rebate
Attic insulation	
Open Attic - 40% of material and labor invoice cost. Existing insulation must be R-11 or below. Installed insulation must be R-38 or above.	up to \$450
Enclosed Attic or Ceiling Cavities - 40% of material and labor invoice cost. Existing insulation must be R-5 or below. Installed insulation must be R-13 or above.	up to \$450

Note: Limit one rebate per household. Customer must pay minimum of \$100 out of pocket costs.

Note: Rebates apply to homes with natural gas service. See detailed qualifications rules and requirements on the rebate application by visiting **CenterPointEnergy.com/ SmartSavings**.

Thermostat Rebates

Your thermostat is the gateway to considerable savings. Earn rebates toward a variety of qualifying Wi-Fi enabled thermostats to make it easy to manage your home's temperature and energy use.

Equipment Type	Rebate
Smart Thermostat (Must be ENERGY STAR® certified)	\$50
Wi-Fi Enabled Thermostat	\$30

Note: Must be Wi-Fi capable, without additional equipment, and connected to the internet for programming and adjusting remotely. Limit of two thermostats per home (includes both "Wi-Fi" and "Smart"). Available for existing homes only; new construction homes are not eligible. See **CenterPointEnergy.com/SmartSavings** for more details.

Water Heating Rebates

Water heating accounts for about 18% of your home's energy use, and reducing your hot water use by upgrading your home water heater is a long-term fix that pays for itself.

There are a variety of eligibility guidelines specific to each rebate. Please review all program requirements at **CenterPointEnergy.com/SmartSavings** before purchasing equipment or applying for rebates.

Natural gas water heating systems

Equipment Type	Rebate		
Natural gas water heaters			
Storage water heater (.67 EF or higher)	\$100		
Tankless water heater (.90 EF or higher)	\$250

Residential New Construction Program

For over 8 years CenterPoint has offered rebates for residential home builders to encourage energy-efficient new construction. In 2022, that program was put on hold. Now in 2023 we gladly relaunch the Residential New Construction (RNC) rebate program with a few new options.

Whether or not your homes are HERS-rated, there are rebate options for you as an energy-efficient home builder. The RNC program is designed to encourage the best in energy efficiency - the higher the efficiency the better the rebate. One of the additions to this year's program is a Bonus for homes reaching a 52 HERS index or better.

As a home builder, we hope you'll participate in this year's program and benefit from your intentional efforts to save energy.

Builder Option Packages

Equipment Type	Rebate
BOP 1 Gas	\$530
BOP 1 Gas/Electric	\$650
BOP 1 Electric	\$625
BOP 2 Gas	\$730
BOP 2 Gas/Electric	\$825
BOP 2 Electric	\$775

A La Carte

Equipment Type	Rebate
Central AC (14+ SEER)	\$100
Heat Pump - Tier 1 (\geq 8.5 HSPF, 13+ SEER)	\$275
Heat Pump - Tier 2 (\geq 9.0 HSPF, 14+ SEER)	\$425
Gas Furnace - Tier 1 (95%+)	\$150
Gas Furnace - Tier 2 (97%+)	\$500
Water Heater - Storage \ge .64 UEF	\$50
Tankless Water Heater	\$150

BONUS!

Equipment Type	Rebate
HERS Index 52 or lower	\$200

The Home Energy Rating System (HERS) Index Score is like a miles-per-gallon sticker for homes. Based on this system, CenterPoint is offering an additional \$200 incentive for HERS \leq 52. *HERS Certificate or Invoice

Residential Rebate Application Process

- 1. Determine home eligibility.
- 2. Complete application and attach invoices.
- 3. Submit paperwork.
 - a. Submit application along with required documentation within 60 calendar days of equipment installation in one of the following ways:
 - i. Online: CenterPointEnergy.com/SmartSavings
 - ii. Email:

INrebates@CenterPointEnergy.com (Please include all invoices as email attachments.)

- iii. Mail: CenterPoint Energy Indiana, ATTN: Rebates, 16350 Felton Road, Lansing, MI 48906
- iv. Fax: 866-741-5584
- 4. Allow up to six (6) weeks to receive your rebate. Incomplete rebate applications will cause a delay in processing. You may check status online: **CenterPointEnergy.com/INRebateForm**

Questions

Call **866-240-8476** or visit **CenterPointEnergy.com/SmartSavings** for the rebate application and complete details on energy-efficient equipment and service requirements. Preapproval is required for all prescriptive projects that exceed the \$20,000 cap.

Energy-Saving Project Snapshots

One Life Studio and Suites

- Measures Implemented: High-Efficiency Water Heater
- Total Project Cost: \$1,151
- Estimated Annual Energy Savings: 196 Therms
- Estimated Annual Cost Savings: \$106.42
- Rebate: \$500
- Estimated Payback Period With Rebate: 10.2 years
- Estimated Payback Period With Rebate: 6.1 years

School District's Boiler Tune-Up Service

- Measures Implemented: Boiler Tune-up
- Total Project Cost: \$280
- Estimated Annual Energy Savings: 8,940 Therms
- Estimated Annual Cost Savings: \$5,453
- Rebate: **\$200**
- Estimated Payback Period With Rebate: Immediate

Important Information

Program Dates: Jan 1 - Dec 31, 2023

- Completed applications must be postmarked and submitted within 90 days of equipment installation and include all required information, applicable measure selection form, technical data sheets, and an itemized invoice.
- New equipment must be purchased and installed between January 1, 2023 and December 31, 2023. Refurbished equipment will not be accepted.
- Allow up to six weeks to receive your rebate payment after final approval of application.

Commercial Custom Incentives

Offset up-front capital and reduce operating costs.

Whether you're installing air rotation equipment, upgrading a process application, installing energy recovery equipment, or implementing other energy-efficient technologies, incentives through our Custom Programs can help you offset up-front capital and reduce operating costs. See the program application and applicable terms and conditions for complete eligibility guidelines.

A Custom Program Application MUST be submitted and preapproved for a rebate incentive before purchasing or installing any equipment.

Natural Gas Custom Projects

Examples of eligible projects include domestic water heating systems, outside air control, insulation, duct sealing, grain dryers, demand control ventilation, ozone laundries and window replacements. All CenterPoint Energy of Indiana business customers with CenterPoint Energy natural gas service served under rates 120, 125, 220 and 225 qualify. Visit **CenterPointEnergy.com/CustomGas** for more information

Energy-Saving Project Snapshot

"Our franchiser encouraged us to go with the equipment that took advantage of today's technology. We knew the upgraded equipment would save us significant energy cost over the life of the system- the problem was up-front cost. The CenterPoint Energy Business Custom Incentive Program helped solve that problem; the equipment is living up to expectations, and we are going to achieve a reasonable ROI now."

— Kevin J. Haas, Vice President, Indianapolis, Indiana

Equipment Efficiency Upgrades

- Total Project Cost: \$11,979
- Estimated Annual Energy Savings: 4,020 Therms
- Estimated Annual Cost Savings: \$2,452
- Rebate: **\$3,015**
- Estimated Payback Period Without Rebate: 4.9 years
- Estimated Payback Period With Rebate: 3.7 years

Tips & Resources

Commercial Prescriptive Rebate Application Process

How to Apply for Rebates

1. Determine facility eligibility

- a. Applicant
 - i. Existing facility: For equipment being installed/ updated at an existing facility, the applicant must be a non-residential CenterPoint Energy natural gas customer.
 - ii. New Construction: For equipment being installed at a new facility, the applicant must intend to receive service from CenterPoint Energy on an eligible rate for at least one year. See rebate application (PDF) and the terms and conditions (PDF) for complete eligibility guidelines.
- b. Equipment
 - i. Equipment must be purchased and installed by December 31, 2023. Read all requirements carefully to ensure your product qualifies.
- c. Application and installation
 - i. The application must be postmarked within 90 days of equipment installation.

2. Complete application & attach all required documents

a. Complete application

conditions, and effective program dates.

- ii. Unless noted otherwise, all fields must be completed on the application to receive a rebate.
- b. Attach applicable Measure Selection Form(s) and data sheets

Terms and conditions apply. Check our utility rebate application for a list of terms and

 Complete and attach the applicable Measure Selection Form(s) for each rebate. Technical data sheets or manufacturer cut sheets are required for all installed equipment.

- c. Attach invoices
 - i. Ensure that you have attached copies of all invoices to the application. Invoices should include: the equipment make, model and cost, the date of installation, the total number of units installed and labor costs of equipment installation (for selfinstallations, internal labor hours and cost estimates must be provided).

3. Submit paperwork

- a. Submit application, product forms & invoices
 - Submit your completed application, applicable Measure Selection Form(s), technical data sheets and a copy of your itemized invoice(s) within 90 calendar days of equipment installation. You may do so in one of three ways:
 - Email: IndianaBizPrograms@ CenterPointEnergy.com
 - **Mail:** Resource Innovations, ATTN: CenterPoint Energy Rebate Programs,1232 Fourier Drive, Suite 125, Madison, WI 53717
 - **Fax:** (608) 829-2723
- b. Allow up to six weeks to receive payment after the final approval of application.

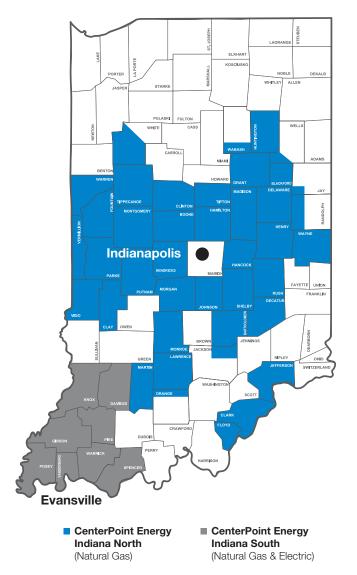

Notes

Notes

We serve these Indiana communities.

Note: must be on a natural gas rate of 120, 125, 220, or 225 to qualify. Your rate can be found on your bill.

For Commercial and Industrial customers with account or bill related questions, contact your designated account manager or 866-240-8476 today!
