

Contractor Self Certification

In accordance with the FCC's August 3, 2018 Pole Attachment Order, and FCC R. 1.412(c)(1)-(5), CenterPoint Energy requires all simple make ready, complex make ready and power space self-help contractors, hereafter referred to as "Contractor", to annually complete self-certification of the following requirements to remain on the list of "CenterPoint Energy Approved Contractors". Please review, sign and date this form and return to CenterPoint Energy's Joint Use Team at INPoleAttachments@centerpointenergy.com. For avoidance of doubt, CenterPoint Energy reserves the right to remove from any, or all of its lists of Pre-Approved Contractors any individual or firm who (i) is determined by CenterPoint Energy, in its sole discretion, to be non-compliant with any of the requirements certified herein; or (ii) is determined by CenterPoint Energy, in its sole discretion, to be non-compliant with any qualification required by CenterPoint Energy to perform the specific work that Contractor has been approved to perform; or (iii) is determined by CenterPoint Energy, in its sole discretion, to create a risk to safety and reliability based on past performance.

1. Contractor agrees to follow published safety and operational guidelines published by CenterPoint Energy if made available and as may be amended from time to time, or if unavailable, contractor agrees to follow National Electric Safety Code (NESC) guidelines.
2. Contractor knows how to read and follow make ready engineering designs supplied by CenterPoint Energy or CenterPoint Energy contracted engineering firm.
3. Contractor agrees to follow all local, state and federal laws and regulations including, but not limited to, the rules regarding Qualified and Competent Persons under the requirements of the Occupational and Safety Health Administration (OSHA).
4. Contractor agrees to meet or exceed any uniformly applied and reasonable safety and reliability thresholds set by Centerpoint.
5. Contractor is adequately insured and will establish an adequate performance bond for the make ready it will perform, including work it will perform on facilities owned by existing attachers or the utility, in accordance with CenterPoint Energy company-wide policies.
