The rebates on this form are available to CenterPoint Energy natural gas commercial customers only. Qualifying commercial accounts include rate 320, 321 and 325. One form must be completed for each address in which the product is installed. The CenterPoint Energy rebate cannot exceed the cost of the equipment or service. CenterPoint Energy reserves the right to alter or discontinue the rebate offers at any time without notice. Rebate funds are limited and are available on a first-come, first-served basis.

General Eligibility

For a current list of qualifying equipment, visit CenterPointEnergy.com/SmartSavings. Applicants must use natural gas for all space heating needs. Dual fuel systems are not eligible. Chimney liners must be installed where an atmospherically-drafted appliance remains in the existing chimney after a sealed combustion unit has been installed. A sealed combustion unit must provide combustion air from outside the facility. Installers must also complete the flue closure protocol when a sealed combustion unit has been installed. If a power vented natural gas water heater is installed, the installer must complete the flue closure protocol as well.

Compliance

All projects must comply with applicable federal, state and local laws and regulations, including building codes, and manufacturer's specifications. All equipment must be purchased new and cannot be resale equipment, new parts installed in existing equipment or equipment that is leased, rebuilt, rented, replaced by a warranty or won as a prize. Existing equipment must be removed or permanently disconnected.

The invoice(s) must indicate the date of purchase, size, type, make, model and total project cost. Receipt of an application does not guarantee payment of a rebate. CenterPoint Energy is not responsible for items lost or damaged in the mail. CenterPoint Energy will pay only one rebate for each eligible product installed.
